+234 706 885 5314

Dedicated and results-driven software Engineer with 3 years of experience specializing in React.js, Next.js and Django. Proven expertise in developing and deploying web applications with a strong foundation in Typescript, Python, Git, Docker, Tailwind CSS and JavaScript. Adept at collaborating in cross-functional teams and delivering high quality code. Seeking a challenging position to leverage my technical skills and contribute to innovative projects.

Work Experience

Frontend developer

Ingryd academy - Lagos

March 2023 to March 2024

- Collaborated closely with UI/UX designers to implement responsive and user-friendly interfaces which ensures that the application adapts seamlessly to various devices and screen sizes.
- Integrated typescript ensuring code quality and maintainability, improving the development speed by 50%.
- Translated designs and wireframes into high quality codes achieving a pixel-perfect accuracy, responsive design implementation, and efficient performance to deliver a seamless and visually appealing user experience across various devices.
- Implemented state management solutions with Redux toolkit and optimized the performance of the application ultimately leading to improved user experience, increased user engagement, and higher conversion rates.

Frontend developer

Lincoln College of Science Management and Technology - Abuja

November 2021 to February 2023

- Implemented search engine optimization ultimately improving visibility, driving organic traffic, and enhancing the overall performance of the website in search engine results pages (SERPs).
- Participated in regular code reviews and utilized Git for version control ensuring the streamlining of the development workflow, promoting collaboration, ensuring code integrity, and enhancing the overall productivity of frontend development teams.
- Packaged the entire application into a Docker image which streamlines the development and deployment process.
- Integrated frontend applications with REST APIs enhancing data access, promoting modularity and scalability, aiding security, and providing flexibility in frontend development.

Education

B.Eng in Chemical Engineering

University of Benin - Benin City

April 2010 to February 2018

Skills

- Communication skills
- Front-End Development
- JavaScript
- React
- Redux
- Responsive Web Design
- HTML5 (5 years)
- Django (2 years)
- React Native (2 years)
- Next.js (3 years)
- CSS
- Tailwind CSS (3 years)
- Typescript (2 years)
- Git (3 years)
- Docker (2 years)
- SQL (3 years)

Certifications and Licenses

The Ultimate Docker course

May 2022 to Present

The Ultimate Git course

May 2020 to Present

The Ultimate Django series

July 2021 to Present

The Ultimate React and Next.js course

June 2021 to Present

HTML and CSS series

April 2019 to Present

The Ultimate Python course

January 2022 to Present
